INSTRUCTIONS FOR USE

DISTANCE LED HEADLAMP

IMPORTANT: Follow all instructions carefully and keep for future reference.

WARNING!
Due to the high-power output of this light, the product creates electromagnetic fields which may cause interference with avalanche transceivers. When using this light on its highest setting (PowerTap, 1500 lumens) the effective range of avalanche transceivers may be reduced. To avoid any potential interactions with avalanche transceivers, do not use the PowerTap when traveling through avalanche terrain. Always keep electronics at least 50cm away from your avalanche transceiver when performing a search and follow the transceiver manufacturer recommendations and user manual for specific guidelines.

BATTERY – RECHARGEABLE LITHIUM-ION

Charging:

- Charge the battery completely before initial use.
- Battery does not need to be fully discharged prior to being recharged.
- Battery will automatically stop charging when fully charged.

Battery Life: Your battery life will vary depending on:

- *Recovery time* or time when lamp has not been on.
- Temperature.
- Settings used.

*A full charge is needed to achieve maximum burn time!

Diagnose of the device/batteries in accordance with applicable local laws and regulations.

***ANSI FL-1 Standard:** Runtime to 10% of initial output.

****Reserve:** Additional time the lamp will produce usable light for low intensity activities (measured to 25 Lux @ 4 meters).

This product is protected by one or more of the following patents. Other patents pending.

US624908B1, US662125B2, US665066B2, EP120018B1, EP206168B1.

USE / MODOS
(See accompanying illustrations)

PROGRAMMING
The Distance 1500 comes packaged in "Time Mode". Time Mode allows the user to use PowerTap to boost the light to maximum output for 10 seconds and then the light fades for 10 seconds to the previous set mode and brightness. If desired, the light can be reprogrammed to "Temperature Mode". Temperature Mode maximizes the light output while maintaining safe operating temperatures when PowerTap is activated.

STORAGE AND TRANSPORTATION
(See accompanying illustrations)

CARE AND MAINTENANCE
(See accompanying illustrations)

TROUBLESHOOTING
If the product does not work:

- Charge the batteries completely
- Check that the USB cord is properly inserted
- Work the switch several times

No Luck? Contact your Black Diamond Dealer or www.BlackDiamondEquipment.com.

WARNINGS
A responsible adult must supervise use by children under the age of 12.

Inspect your headlamp for proper operation prior to using and, for do not stare directly into the beam or shine it directly into other's eyes. Intense light can damage your eyes or the eyes of those around you. Black Diamond Equipment is not responsible for the consequences, whether direct, indirect or accidental, or for any other type of damage arising or resulting from the use of its products.
